The Story of a Medicine.

Its name—"Golden Medical Discovery" was suggested by one of its most important and valuable ingredients — Golden

ant and valuable ingredients — Goldan Seal root.

Nearly forty years ago, Dr. Pierce discovered that he could, by the use of pure, triple-refined glycerine, aided by a certain degree of constantly maintained heat and with the aid of apparatus and appliances designed for that purpose, extract from our most valuable native medicinal roots their curative properties much better than by the use of aicohol, so generally employed. So the now world-famed "Golden Medical Discovery," for the cure of weak stomach, indigestion, or dyspepsia, torpid liver, or billousness and kindred derangements was first made, as it ever since has been, without a particle of aicohol in its makey-up.

A glance hither jul list of its ingredients, pristed on every bottle-wrapper, will show that it is hade from the most valuable medicinal roots found growing is our American foresthed All these interests.
